PORTFOLIO

PROFESSIONAL SUMMARY

Video editor, motion designer and videographer based in Ajman. I create content for restaurants, food, events, the medical sector, and engineering and industrial projects - from filming to editing and color grading, with AI tools supporting visual production.

UAE EXPERIENCE

Video Editor & Motion Designer

Green Building Engineering Consultations

- Produce and edit promotional videos for engineering and industrial projects and sustainability content.
- Create motion graphics and edit workshop and presentation materials, including AI-assisted scenes.

Freelance Videographer & Video Editor

United Arab Emirates | 2026

- Film restaurants, food preparation, events and live music performances, including work for restaurants in Ajman.
- Produce reels and promotional videos, with editing, color grading, sound design and delivery for social media.
- Produce AI videos and short films.

PREVIOUS EXPERIENCE

Video Editor & Motion Designer - Medical Sector

Laboratories, clinics and dental centers | 2020 - 2025

- Produce promotional and educational videos for the medical sector, with motion graphics explaining services and procedures.

Freelance Videographer & Video Editor

2015 - 2020
